

## **Your Gran Paradiso National Park's Guide Hiker is here!**

Groups, families, children, associations and boys, everyone can go out to discover the "Nature of the High Mountain's National Park in its wake up after the long winter season. Over to ibex, chamois and marmots, the recent nests of "bearded vultures" e shy wolves indicate the return of species that were believed to be extinct between the 19th and 20th centuries. In May, eagles already have their offspring in the hidden nests among the rocks "... and" all the little people of fur and feathers need "your" good friendship ... (Samivel in 1970) ".
